

UNI-TAPES

A compact range of tapes for both professional and DIY use. The range comprises two models: the Uni-Matic II ergonomically designed power return tape, and the Uni-Plas manual return tape.

UNI-MATIC

UNI-MATIC SPECIFICATION

- ABS case, ultrasonically welded for added strength.
- Positive action side lock brake.
- Automatic blade return.
- Polyester coated carbon steel blade.
- Self-zeroing end-hook.
- Belt clip.
- Individually carded, 6 per box

UNI-PLAS

Specifications as Uni-Matic, but with manual blade return and no brake.
